The International Bestseller

**“A useful guide to communicating with the uncommunicable...
clearly, dynamically presented and easy to grasp.” —*Publisher’s Weekly***

We all have idiots in our lives—frustrating people who we just can’t understand no matter what we do or say. But oftentimes these so-called “idiots” are just people who think and communicate differently from us. *Surrounded by Idiots* simplifies the minefield of interpersonal communication using four behavior profiles:

Red:

**Bold and brash,
Reds are natural-born leaders
with ambitious goals**

Yellow:

**True social butterflies,
Yellows are creative and optimistic**

Green:

**The most selfless of the bunch,
Greens are relaxed, friendly, and loyal**

Blue:

**With keen minds,
Blues are analytical and
detail-oriented**

With tips on how to interact with each color—from how to give feedback to how to write an effective email—this simple system will change how you communicate with everyone in your life.
